	Taking into conside	ration or	ly cor

shipbuilding is 244,000 tons below the pre-war level.

A striking indication of how the volume of shipbuilding is falling off through the scarcity of new orders to replace work being completed is given in figures showing that for the last quarter the shipyards of all countries combined started on new work aggregating only 187,527 gross tons, while in the same period 478,070 tons of shipping were launched, the launchings being more than two and a half times the volume of the new work. In the United Kingdom the disproportion was much greater, the new work there totaling only 82,108 tons, compared with 306,812 tons launched, the work being brought toward completion being nearly four times the amount of new construction started. In the previous quarter British shipyards launched enly 148,606 tons.

There also has been a sharp decrease in the construction of tankers throughout the world, the decline for the last and the countries mentioned in notes A and the countries mentioned in notes A and the solution of the countries mentioned in notes A and the countries mentioned in notes and the countries mentioned in notes and the countries mentioned in notes A and the countries mentioned in notes A and the countries men

THREE CARGO CARRIERS

Big Motorships in Service to South American Ports.

The Lamport & Holt service to South
American ports is being increased by the addition of three large motorships which are to maintain alternate sallings with the line's four passenger vessels, it was learned yesterday. The Diesel engined craft assigned to the route are each of 10,494 tons deadweight and will more than double the cargo carrying ca-

pacity of the service.

Pseparations for the increased salings were made quietly and without formal announcement, with a view to springing a surprise on the competing

CLOSING OF MAILS.

World shipbuilding, in consequence of a decline of more than half a million gross tons in the last three months, is far below the pre-war level, both in orders placed and the volume of work actually under way, said a statement yesterday by Lloyd's Register of Shipping.

Returns for the quarter ended September 30 show that of the more than 500,000 tons decrease 300,000 tons represents the falling off in work in British builders' yards, while the decline for all others combined is a combined in the content of the more than all others combined in the content of the countries must be specially addressed only the content of the more than all others and water prices and client of the countries must be specially addressed only the content of the countries must be specially addressed only and client on the countries of the countries of the countries must be specially addressed only and client on the countries of the countries of the countries. The

times the amount of new construction started. In the previous quarter British shipyards launched enly 148,606 tons.

There also has been a sharp decrease in the construction of tankers throughout the world, the decline for the last quarter having been about 140,000 gross tons, the work now under way comparing with that at the beginning of the year as follows in gross tons, a reduction of more than one-half:

United States. 103,000 23,171 Other countries. 103,000 303,371 Other countries and heliand following in the order named, and all of the smaller shipbuilding countries post mails of Demmark and Finland of them with more tonnage under way than in American shippyards. The United States, however, still leads the British dominions. All of the smaller countries show a decline from the previous quarter, as indicated by the following table of tonnage under way at the two periods:

October 1. July 1. In the two periods:

103,000 21,245 Other countries and Finland stop and the status of the smaller shipbuilding countries in the status of t

resents the falling off in work in British builders' yards, while the decline for all others combined is about 230,000 tons above the small pre-war aggregate for this country. Following are the comparisons:

October 1. July 1. United States. 150,022 130,022 United States. 150,023 88,31,03,030 World total. 2,70,25,35 3,333,400 World total. 2,70,

SIDNEY, N. S., Oct. 10.—Sinking of a large coal steamship two miles north of Cape North last Thursday is reported. The steamship was entering the Gulf. A westerly gale was blowing and a heavy sea running at the time. The Dominion Coal Company and the Nova Scotia Steel and Coal Company report all their boats are accounted for, and shipping men are upable to identify the steamship, which may have been an English e-cal carirer.

W. S. SUPPLY SHIP TO GO EAST.

WASHINGTON, Oct. 10.—The new supply ship Denebola, mother ship to the destroyer squadron to the Atlantic fleet,

ceed to Constantinople about October 30 to join the squadron of destroyers.

CABINET DISCUSSES NEAR EAST.

WASHINGTON, Oct. 10.—The situation in the Near East was discussed informally to-day by President Harding and his Cabinet, but it was stated that there was no announcement to be made.

CHANGE OF VESSEL'S NAME.

United States Customs Service, Collection District No. 10. Port of New York—Notice is hereby given that under the act of February 19, 1920, and in pursuance of authority arranged by the Commissioner of Navigation, on the application of Arrow Oil & Navigation, on the application of the gas screw NYFTE, burden 19 gross tons, official number 202285, has been changed to THE BANG.

Acting Collector of Customs.
